

DEVILS IN THE CANYON

Written by : Chris Crabb, Chase Baker, and Scott Shepard

Tossed out of heaven
Out on the run
I don't know where we're going
But we've been coming undone for quite some time

Oh don't you give me those eyes
Cuz there's no turning back
And with forever on the line
I'm hoping heaven has the heart to cut us some slack

Oh mother won't you say a prayer
A prayer that can make it out alive

Oh honey let's ride
Like devils to the canyon
Oh honey let's hide
From the angels in the mountains
Back in the valley they're boarding their windows
tonight
Cuz there's devils in the canyon

Here we lie in the shadows
In the wind and the rain
While back at home the gallows
Have been surrounded and the village is calling our
names

And your body is shaking
As the world caves in
Wrapped in each other and the night
It feels like we've been forgiven of all our sins

And it's ok to be scared
But I think we're gonna make it out alive

But they never came
Was the darkness playing games
With our heads

The night turned to day
And we're leaving all the shame where we found it

And I'm gonna say a prayer
A prayer that they can make it out alive

Oh honey let's ride
Like devils to the canyon
Oh honey let's hide
From the angels in the mountains
Back in the valley they're boarding their windows
tonight
Cuz there's devils in the canyon
