

THROUGH THE SILENCE

By Chris Crabb, Chase Baker, and Jay Tibbitts

I can still remember
How you got the heads to turn

You told your friends you'd never
I told mine to watch learn

It was my finest performance
I told you every story even better than rehearsed

Now youth fades before us
At times I don't know what to say but still a fire
burns

Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence

We could steal away
Tell ourselves it's still the same

Buy ourselves a new life
Any price to bend the time

Do others have it better?
I hate myself for asking but the question still remains

Now we're in this forever
So I don't need an answer cuz I'll love you still the
same

Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)

(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)

At your end of the room
Buried deep in your mind
If you need me to reach you
I'll be here anytime

Let'em take all the ups
Let'em take all the downs
In our quietest moments
There's a voice ringing out

(I can hear the words you say)
(I can hear the words you)
(I can hear the words you say)

Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
Through the silence
(I can hear the words you say)
(I can hear the words you)
